C-MGM/MGM

15−pin HD Micro Cable

Kramer's MGM Micro computer graphics video cables are high−performance cables with molded 15−pin HD connectors on both ends. These micro coax cables are thin and flexible and excellent choices for connecting computer graphics video signals between computers or video scalers and plasma, LCD or other popular display technologies.

FEATURES

- Quality Construction - Constructed using micro coax conductors and outer diameter of 5.4mm (0.212in). The 15−pin HD connectors are specially designed with small profile to fit any high−density installation and all 15 pins are passed through the cable.
- Multiple Applications - Ideal for video presentations, home theater and any installation in tight spaces. Use these cables with our table solutions for your comfort and efficiency.
- All Pins Connected for DDC2 and EDID Support.
- Varied Selection of Lengths - Available in versions of 0.3 to 7.6m (1, 2, 3, 6, 10, 15 and 25ft).
